

Nadura Tiles

SLATE

COLLECTION

HIGH-TECH WOOD *flooring* THAT BREAKS FROM *tradition*

Nadura Tiles stand out with their unique identity, offering a high-end flooring experience. Showcasing deep textures for a rich, tactile feel and some natural colour variations, these tiles have a distinctive design. The collection draws inspiration from the timeless elegance of natural slate, blending classic appeal with a modern edge. Crafted from wood, Nadura Tiles deliver warmth and comfort underfoot, and their durability ensures they remain a stylish choice for years to come.

High-Tech Features

Bjelin's Nadura Tiles feature patented technology from Välinge Innovation:

Nadura® – a sustainable solution that creates a remarkably durable flooring surface boasting high wear resistance.

Waterproof 5G Dry® solution – fast & easy to install, plus prevents leaks through the seams.

Välinge Compositex™ – the highly water-resistant core in our Nadura floors.

NESO

Colour: Eclipse Grey

TITAN

Colour: Storm Grey

LUNA

Colour: Dew Grey

Tile format: 280 × 582 mm

”Nadura Tiles boast high wear resistance – they are resistant to dents, water, scratches and stains, making them exceptionally durable.”

Hannes Lindblom, Head of Product Management at Bjelin

Easy installation

The 5G Dry® floor locking system is well-known for providing the easiest, fastest, and most reliable installation. No tools, glue or nails are needed – just click the pieces together.
